Laura, I just realized this is supposed to last to 8:00 PM? This will require additional guard service. In the past if HQ is hosting, then HQ needs to pay for the extra guard service. In addition we have to work with the building for the building is only open and power on until 6 PM. So overtime utilities, i.e. HVAC and lights may also cost.

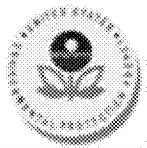

I need to know how likely this is to happen so I can get the estimate for the additional guard service and overtime utilities so they can be funded In advance to avoid ratification actions.

Sincerely,

Grace

Subject: Public Hearing on July 31

Hi Grace,

I am working on a public hearing for a proposed rule related to the oil and natural gas industry. It will be held on July 31 in the Rocky Mountain - Sage Brush rooms from 9am to 8pm. At this time, I do not know what the interest in the hearing will be.
